INTRODUCTION

I am a Junior React developer with one year of experience, specializing in ReactJS and TypeScript. Recently, I've worked on booking systems and marketplace platforms using Ant Design, NextJs and MobX. I am also skilled in creating responsive and user-friendly UIs with forms and tables, ensuring a positive UX that meets customer requirements. I am eager to expand my skills into full-stack development by learning backend technologies. Here is my introduction: https://drive.google.com/file/d/1FHd9TG70PgDH61kzCImbErqu0m__kZ_8/view?usp=sharing

WORK EXPERIENCE

JUNIOR REACTJS DEVELOPER

10/2023 - 08/2024

BMD SOLUTIONS

- Proficient in React v18, Typescript, Ant Design, MomentJs, Scss, TailwindCss, and other React UI libraries including React-big-calendar and ExcelJs.
- Specialized in developing admin websites for Booking Systems (Spa, Hospital, Hotel), and marketplace platforms. Notable projects include Fclass, Vitadairy, and Joy Bookie, where I gained experience in working with tables, forms, and data display.
- Regularly utilize custom hooks for efficient data handling, along with common hooks such as useState, useRef, useMemo, useCallback, useImperativeHandle, and useEffect.
- Collaborate closely with a leader who is also responsible in Backend to brainstorm ideas and solutions for optimizing module performance and enhancing UI aesthetics.
- Participate in daily meetings with team members to review progress, discuss ongoing tasks, troubleshoot challenges, and devise solutions.
- Frequently engage with clients to gather feedback on software UI/ UX and improvements, ensuring that their needs and concerns are addressed effectively.

FRONTEND DEVELOPER

10/2022 - 06/2023

VAN LANG UNIVERSITY - GRADUATE PROJECT

- Working with React v18 and Typescript, TailwindCss, Material UI, RESTful API.
- Creating custom axios requests (handle requests, expire token with interceptor).
- Managing asynchorous actions and global states with Redux thunk.
- My role was a team leader and a Frontend developer. I lead my team (6 people) and got a pretty high grade as 8.0 .
- Come up with plan and schedule suiltable date with customer to discuss what will do next, review the progress and also organizing daily meeting with team mates

SKILLS

- **Programming:** HTML 5, CSS 3, Javascript ES6+, Reactjs 18, Typescript, TailwindCss, Material UI, Redux Toolkit, Ant Design, Scss, Styled component, Git, MobX.
- **Soft skills:** Collaboration, self-taught, problem solve.
- **Languages**: *English (TOEIC: 855/ 990)* - Good at communication as well as reading documents of any technologies, framework/ library's APIs . Here is my introduction: https://drive.google.com/file/d/1FHd9TG70PgDH61kzCImbErqu0m__kZ_8/view?usp=sharing

EDUCATION

VAN LANG UNIVERSITY

2018 - 2023

MAJORS IN: SOFTWARE ENGINEERING

- *Main subjects:* Computer science, OOP, Web application programming, Computer science for practicing engineers, Software architecture and design, Project management, Information system application-Database.

- *Grade:* 8.29 => GPA: 3.30 (Classification: Good)

INTERNSHIP

INTERNSHIP OF SUPPORTING ON RUNNING TFT SYSTEM

02/2023 - 05/2023

LOTTE MART HEAD OFFICE - O4O CHANNEL

- Crawling Data from retail competitors (using Nodejs, Puppeteer).
- Coding marketing mail (Html, CSS, Mailchimp).

INTERN REACTJS

07/2022 - 10/2022

CÔNG TY CỔ PHẦN KỶ NGUYÊN SỐ

- Using React, Redux Thunk to manage asynchronous actions.
- Combine RESTful API and Ant Design to get and put data on UI

SALARY EXPECTATION

Expected range is around 12.000.000 VND/month (Net). However, I am open to negotiation and would consider other factors such as benefits, growth opportunities, and the overall compensation package.

KEY STRENGTHS

- Willing to learn new technologies in Web development.
- Be responsible, and be able to work under high pressure.
- Learn to have the self-discipline to adapt to a new environment and new team.

HONORS & AWARDS

TOEIC: 855/ 990

09/2024 - 09/2026

Bachelor's degree (Classification: Good)

2018 - 2023

DESIRES

- Vision: Become a senior full-stack developer, mastering web applications, within the next 8 years.
- Network: I aim to build a reputation grounded in honesty and enthusiasm.
- International environment: I'm eager to work in a global company to enhance my English and embrace diverse cultures.
